PTSB25X Step-Less timing Vertical Drilling Machine

Features:

- Two-speed motor
- All main parts are made with quality cast iron
- Wide belt stepless timing
- Digital readout for the display of speed
- With fender device
- Supply 125mm precision vice and cross worktable as special accessories

ii

Model	PTSB25X
Max. drilling diameter (steel)	1 μ 25 mm
Max. tapping diameter	M12 mm
Max. travel of spindle	110 mm
Max. distance from spindle to generating line of column	230 mm
Max. distance from spindle nose to surface of worktable	690 mm
Max. distance from spindle nose to surface of base worktable	1180 mm
Max. travel of worktable and bracket	555 mm
Spindle taper bore	MT3
Spindle speed steps	stepless
Spindle speed range (r/min)	80~1600
Dimension of worktable	400x320 mm
Effective working area of worktable	340x320 mm
Diameter of column	1 μ 100 mm
Power of motor	0.70/1.3kw
Machine dimension	820x530x1715 mm
Packing dimension	840x480x1800 mm

Weight (NW / GW)	245/280 KG
Sets /20' container	30
